WELCOME TO GEETHANJALI INTERNATIONAL GLOBAL SCHOOL

As parents, you want one thing.
A happy child who grows into a good human being and a capable professional.

Geethanjali International Global School is born from this simple thought.

Our management team has years of experience in education and child development. We have seen that children learn best when three things come together.
A safe and calm environment.
Teachers who care.
Strong values with modern learning.

At Geethanjali, we focus on each child as a whole person.
MIND. BODY. CHARACTER.

We combine CBSE academics with wellness practices and Indian cultural values. Children learn to think clearly, express with confidence, work in teams, and respect family and tradition.

We invite you to visit our campus, talk to our teachers, and feel the difference yourself.

Together, let us
create a strong
foundation for
your child's future.

Sincerely,

Adisheshan Gowda
